# Coffee Brewer Cleaning Solution

## PAKZ™ - COFFEE EQUIPMENT CLEANER

- Cleans brew-basket and server in one step.
- Tea-paper packets allow “brew-in-place” use.
- Blue dye ensures proper rinsing.
- NSF certified.

| Part# | PAKZ    | PAKZ8   | PAKZ24   |
|-------|---------|---------|----------|
| Case  | 5x20 ct | 8x12 ct | 24x12 ct |
| Pack  | 0.75 oz | 0.75 oz | 0.75 oz  |

Pakz™ Coffee Equipment Cleaning Packets provide users with a quick and efficient method for cleaning both brewers and servers at the same time. By placing a Pakz™ packet into the brew basket and running a brew cycle over it, the tea paper surrounding the product allows the detergent to flow down into the server beneath. By eliminating the need for the user to measure or dose the cleaning product inside, Pakz™ greatly reduces waste and improves efficiency. Complete with blue indicator dye to ensure proper rinsing.

## TABZ™ - COFFEE BREWER CLEANING TABLETS

- Dual application tablet optimizes portion control and cleaning.
- Cleans brew basket and server in one simple step.
- Blue color ensures proper rinsing.
- Clean-in-place tablet format eliminates dust, waste, and operator error.
- Listed by the Organic Materials Review Institute (OMRI™) for use in organic production

| Part# | TABZ30   | TABZ30-1 | TABZ120   | TABZ120-1 |
|-------|----------|----------|-----------|-----------|
| Case  | 12x30 ct | 30 ct    | 12x120 ct | 120 ct    |
| Pack  |          |          |           |           |

Tabz™ Coffee Equipment Cleaning Tablets are specifically designed to offer the functionality of one-step cleaning for coffee brewers and servers. By running a brew cycle with a Tabz™ tablet in the basket, users can simultaneously clean both the brew basket and server beneath. Additional Tabz™ may be used directly in servers to quickly clean systems with multiple vessels. As an added safety feature, Tabz™ tablets contain a blue dye which helps ensure proper rinsing.

## TABZ™ - TEA CLEAN TEA BREWER CLEANING TABLETS

- Specifically formulated for the removal of tea stains from tea brewing equipment.
- Daily cleaning of Iced Tea Dispensers ensures fresh tasting iced tea and properly maintained equipment.
- Cleans brew basket and serving vessel in one simple step.
- Tablet format provides easy dosing options for 1, 1.5, and 3 gallon servers.

| Part# | TABZTEA             | TABZTEA-1   |
|-------|---------------------|-------------|
| Case  | 12/120's<br>Tablets | 120 Tablets |
| Pack  |                     |             |

Tabz™ Tea Clean Tea Equipment Cleaning Tablets are specifically designed to offer the functionality of one-step cleaning for Iced Tea Dispensers. By running a brew cycle with a Tabz™ Tea Clean tablet in the basket, users can simultaneously clean tea stains from both the brew basket and server beneath. Daily cleaning of tea dispensers with Tabz™ Tea Clean ensures fresh tasting tea and properly maintained equipment

# Descaling and Grinder Cleaner

## DEZCAL™ - ACTIVATED SCALE REMOVER

- Non-toxic, biodegradable, and safe descaler - available in powder and liquid format.
- For fast, effective descaling of boilers and heating elements.
- Can also be used to maintain faucets, sprayheads, and milk systems.
- Dezcaltm powder is available in 1 oz packets, 7 oz packets, 2.2 lb jar, and 1 gal pail.
- Liquid Dezcaltm is available in a 32 oz bottle with doser cup.

Dezcal™ Activated Scale Remover is specifically formulated to effectively descale hot water tanks and components of coffee and espresso machinery. By removing mineral deposits which clog and impair brewing equipment, Dezcal™ allows machines to perform at optimal levels. Non-toxic and bio-degradable, Dezcal™ is suitable for use by both professional technicians and home users alike. When used on commercial and “closed system” brewers (with a holding tank), special attention should be paid to rinsing.

## NEW FORMULATION

| Part#     | DEZPROG | DEZPROG-1 |
|-----------|---------|-----------|
| Case Pack | 4x1 gal | 1 gal     |

| Case Pack | 12x32 fl oz | 32 fl oz |

## GRINDZ™ - GRINDER CLEANER

- All natural & completely food safe.
- Cleans grinder burrs and casings.
- Removes coffee oils and odors.
- U.S. & foreign patents pending.
- Also available in portion-controlled packets for use on home grinders and for commercial sampling

| Part#     | GRINDZ430 | GRINDZ430-1 |
|-----------|-----------|-------------|
| Case Pack | 12x430 gr | 430 gr      |

The world's first and only product for cleaning coffee grinders, Grindz™ Grinder Cleaner is a patent-pending innovation launched in June of 2005. The product is an all-natural, food-safe, and flavor neutral combination presented in coffee bean shaped tablets. Grindz™ quickly and effectively removes stale coffee residue and flavored coffee odors from the internal burrs and casings of coffee grinders. Requiring no grinder disassembly, Grindz™ users simply run the product through the machine just like coffee.

# Espresso Cleaning

## CAFIZA® - ESPRESSO MACHINE CLEANING POWDER

- Concentrated formula eliminates residue in group heads, valves, and lines.
- Integral to the daily back flush regimen.
- Foam and solubility balanced for optimal rinsing.
- Organically listed by the Organic Materials Review Institute and NSF certified for espresso machines.

| Part#     | EMCC     | EMCS100             |
|-----------|----------|---------------------|
| Case Pack | 12x20 oz | 100 pkgs<br>0.25 oz |

Specifically formulated for effective use in the back flush cleaning process, Cafiza® is designed to combine maximum solubility and cleaning power with easy rinsability. Cafiza® is recommended for use with a wide-range of traditional espresso machines and is NSF certified for metal compatibility and safety.

## CAFIZA® - ESPRESSO MACHINE CLEANING TABLETS

| Part#     | EMCT100                | EMCT100-1 | EMCT200                | EMCT200-1 |
|-----------|------------------------|-----------|------------------------|-----------|
| Case Pack | 12x100 ct<br>2g tablet | 100 ct    | 12x200 ct<br>2g tablet | 200 ct    |

- Formulated for controlled solubility, easy rinsing, and powerful cleaning.
- Sized and designed for a broad range of fully automatic machines.
- NSF certified for metal compatibility and safety.

Available in 4 standard sizes for technical commercial uses. As an added benefit, the standard size Cafiza® Tablets offer flexibility to operators with traditional espresso machines, as they can also be used to perform a back flush cleaning

## RINZA® - MILK FROTHER, STEAM WAND & STEEL PITCHER CLEANER

- Breaks down milk protein buildup.
- Cycles through auto-frothers for easy cleanup.
- Also cleans traditional steam wands and steel pitchers.
- Built-in measuring device delivers over 30 uses per bottle.
- Available in Alkaline or Acid formula.

| Part#     | MFSSC      | MFSSC-1  |
|-----------|------------|----------|
| Case Pack | 6x32 fl oz | 32 fl oz |

Specifically designed for use on the milk systems of coffee and espresso equipment. Easily removes milk residue that can build up on steam wands, valves, and tubes. Suitable for use on automatic milk frothers, manual steam wands, traditional and super automatic espresso machines, Rinza® provides users with a versatile and effective solution for their cleaning needs.

You may order individual bottles (1-5). When ordering more than 5 please order in lots of 6.

# Beverage Equipment Sanitizers

## COMPLETE CAFE™ - EQUIPMENT SANITIZER

- First-ever EPA sanitizer to the coffee retail environment.
- Directions for use on milk frothing systems, coffee urns, tea dispensers, and ice machines.
- Built-in measuring device allows for easy portioning and ppm control.
- Liquid concentrate: 1 bottle makes 128 gallons of sanitizing solution - use 1/4 fl oz Complete Cafe™ for every 1 gallon of water.

| Part#     | CC         | CC-1     |
|-----------|------------|----------|
| Case Pack | 6x32 fl oz | 32 fl oz |

A multi-purpose, EPA approved sanitizer designed for use on and around coffee, tea, and other café-style equipment.

## SANI-PURE™ - SANITIZER AND CLEANER

- EPA registered sanitizer designed for use on a wide range of foodservice equipment.
- Particularly effective for cleaning and sanitizing tea brewing equipment, coffee vessels, and iced cappuccino & granita equipment.
- Also intended for use on soft serve ice cream and yogurt machines.
- Powder format provides easy shipping, storage and handling.

| Part#     | SANI     | SANI-1 |
|-----------|----------|--------|
| Case Pack | 12x20 oz | 20 oz  |

## SINGLE SERVICE PACKAGING
